This guidebook describes a 240km cycle ride along the length of the Canal du Midi in southern France. Starting at Toulouse in the Haute Garonne and finishing at Sète on the Mediterranean Coast, the route is divided into five stages of about 50km. It is a flat, car-free and picturesque route mainly on the towpath, and is suitable for all abilities. The guide is written for those who want to explore the canal and visit attractions along the way. There are lots of optional detours to sites of interest near the canal, as well as six longer excursions including fortified Carcassone, Roman Narbonne, Vendres lagoon and the Portiragnes marshes. Detailed route descriptions are crammed with additional information about points of interest passed, and 1:200,000 scale maps clearly show the route for each stage of the way. Begun in 1666 the Canal du Midi is one of the world's most picturesque waterways and a World Heritage Site. This is 'La France Profonde', a region rich in history and culture, as seen in the grand homes and chateaux that grace the water's edge, and the fascinating Cathar strongholds of Carcassone, Lastours and Minerve.

A New York Times New Book to Watch For (November 2020) The former New York Times Pakistan bureau chief paints an arresting, up-close portrait of a fractured country. Declan Walsh is one of the New York Times's most distinguished international correspondents. His electrifying portrait of Pakistan over a tumultuous decade captures the sweep of this strange, wondrous, and benighted country through the dramatic lives of nine fascinating individuals. On assignment as the country careened between crises, Walsh traveled from the raucous port of Karachi to the salons of Lahore, and from Baluchistan to the mountains of Waziristan. He met a diverse cast of extraordinary Pakistanis—a chieftain readying for war at his desert fort, a retired spy skulking through the borderlands, and a crusading lawyer risking death for her beliefs, among others. Through these "nine lives" he describes a country on the brink—a place of creeping extremism and political chaos, but also personal bravery and dogged idealism that defy easy stereotypes. Unbeknownst to Walsh, however, an intelligence agent was tracking him. Written in the aftermath of Walsh's abrupt deportation, *The Nine Lives of Pakistan* concludes with an astonishing encounter with that agent, and his revelations about Pakistan's powerful security state. Intimate and complex, attuned to the centrifugal forces of history,

identity, and faith, *The Nine Lives of Pakistan* offers an unflinching account of life in a precarious, vital country.

Declán of Ardmore (Irish: Declán mac Eircc, Latin: Declanus, died 5th century), also called Déclán or Declan, was an early Irish saint of the Déisi Muman, who was remembered for having converted the Déisi in the late 5th century and for having founded the monastery of Ardmore (Ard Mór) in what is now Co. Waterford. The principal source for his life and cult is a Latin Life of the 12th century. Like Ailbe of Emly, Ciarán of Saigir and Abbán of Moyarney, Declán is presented as a Munster saint who preceded Saint Patrick in bringing Christianity to Ireland. He was regarded as a patron saint of the Déisi of East Munster.

'A brand new play by an established young Irish writer. We all have to work hard these days that''s just the way it is. A new executive breed is emerging in a quarry on the outskirts of Dublin - where once there was a sense of history and socialism, the corporate moguls have enslaved the idealists and turned them into entrepreneurs. Whilst Marion is an ad exec on the make, Kevin is the house-husband with the baby and time to nurture his much-vaunted creative powers. But when the bottom falls out of the market for their dot-com neighbour Richard, an economic squall threatens to sink their fragile emotional prosperity. Declan Hughes has a keen eye for absurdity, a quirky sense of humour and a knack for making acrimony amusing while not underrating the seriousness of the issues. *The Times*. Published to

Since the first performances of *Waiting for Godot* in the early 1950s, Samuel Beckett has become one of the most prominent authors of the twentieth century, widely regarded as the last of the great modernists. *Waiting for Godot* and *Endgame* are two of his most famous plays, and are taken by many to be defining dramatic representations of life in post-war Europe. In this Readers' Guide, Peter Boxall traces critical responses to *Waiting for Godot* and *Endgame* from the 1950s to the present day. The guide presents the major debates that surround these works as they develop, from Martin Esslin's early appropriation of the plays as examples of the Theatre of the Absurd, to recent poststructuralist and postcolonial readings by critics such as Steven Connor, Mary Bryden and Declan Kiberd. Throughout, Peter Boxall clarifies and contextualises critical responses to the plays, and considers the difficult relationship between Beckett and his critics. The ongoing attempt to interpret these enigmatic works not only sheds light on the plays themselves, but also helps us to understand the promise and the limits of our own critical discourses. The Guide explores this mutually enlightening relationship as it has evolved over the last five decades.

Frustrated that he can't dunk a basketball like his friend Joey the giraffe, Declan the lion learns a valuable lesson from his mother. We don't always get the talents we wish we had, but the secret to life is discovering our gifts and learning how to develop them. Use Declan's experiences and the lesson guide
