Jeopardy! Grammar Questions That Would Stump Your English ...

My SAT Writing book can teach anybody English grammar secrets: Although my SAT Grammar Guide is designed specifically for the SAT, it is still incredibly useful to anyone who wants to learn some English grammar secrets!

An outline of grammar for teachers and teachers in training, covering all the terminology required for the National Literacy Strategy and National Curriculum up to Key Stage 3.

Are you an ESL teacher (or would-be ESL teacher) who doesn't know (or know enough) English grammar? Do you tell your students that grammar isn't important or that grammar can be learned from games and conversation in order to hide the fact that you don't know much about grammar? Of course grammar is important, and if you want to get ahead in the ESL profession, you need to know grammar-what it is and how to teach it. Revised and updated, *Secrets of Teaching ESL Grammar* is a fun, easy-to-understand, intensive, manual on ESL grammar-from basic to advanced-for teachers like you who don't have a lot of time and need to quickly and easily get up to speed with the English grammar that every ESL teacher should know. *Secrets of Teaching ESL Grammar* explains each grammar point in depth-in plain, simple language-so that you will really understand it and be able to teach it to your students so they really understand it has advice about what grammar topics to teach and how to teach them, examples to put on the board, problems your students will have and how to address them, questions they will ask and how to answer them, sample exercises to do and use as a template for creating more has a wealth of tips, techniques, advice, exercises, tales from the trenches and top secret info has tons of classroom management advice for making your classroom a lively and productive learning environment that will make your students (and your boss) happy teaches you enough jargon and buzzwords to totally impress your colleagues and even better-you'll actually know what it all means and know how to put the concepts behind it to work in your classroom, and that will make you a better teacher! Learn the grammar you need to be an effective, popular and respected pro!

"Grammar is the tool that makes reading, writing, and day-to-day conversation possible. In [this book], English teacher and educational blogger Lauralee Moss delivers grammar lessons and exercises specifically designed to reinforce what sixth-, seventh-, and eighth-graders are learning in the classroom. From identifying basic parts of speech, to understanding sentence structure, to using punctuation correctly, this book will help kids master the rules of grammar so they can become confident writers and speakers." -- Back cover.

CO-PUBLISHED BY ROUTLEDGE AND THE NATIONAL COUNCIL OF TEACHERS OF ENGLISH *Grammar to Get Things Done* offers a fresh lens on grammar and grammar instruction, designed for middle and secondary pre-service and in-service English teachers. It shows how form, function, and use can help teachers move away from decontextualized grammar instruction (such as worksheets and exercises emphasizing rule-following and memorizing conventional definitions) and begin considering grammar in applied contexts of everyday use. Modules (organized by units) succinctly explain common grammatical concepts. These modules help English teachers gain confidence in their own understanding while positioning grammar instruction as an opportunity to discuss, analyze, and produce language for real purposes in the world. An important feature of the text is attention to both the history of and current attitudes about grammar through a sociocultural lens, with ideas for teachers to bring discussions of language-as-power into their own classrooms.

This text explores ways in which English grammar enables speakers and writers to represent the world, to interact with one another, and to create coherent messages. The hardback edition provides second language teachers with a functional description of English grammar, in which grammar is viewed not as a set of rules but as a communicative resource. It explores ways in which English grammar enables speakers and writers to represent their experience of the world, to interact with one another, and to create coherent messages. Each chapter includes a focus on areas of difficulty for second language learners, numerous authentic examples, tasks that allow the reader to apply the concepts introduced, and discussion questions. A final chapter covers issues in the learning and teaching of grammar, and reviews methodological options for the second or foreign language classroom. Assuming no previous study of linguistics or English grammar, *Functional English Grammar* is suitable for self-study or as a textbook in teacher education programs.

Teaching English to speakers of other languages (TESOL) requires knowledge of content (grammar, vocabulary, pronunciation) and methods (lesson planning, classroom management). Many TESOL teacher training programs assume that trainees have sufficient content knowledge, and therefore focus on methodology. Unfortunately, the assumption of content knowledge is often a bad one. Many TESOL graduates enter the work force without a sufficient grounding in English fundamentals. *You Can Teach Grammar* is a self-contained TESOL grammar course book. It covers all the parts of speech and major sentence structures and provides self-practice quizzes to check comprehension. In addition, the book directly addresses common classroom problems associated with each grammar topic. In the classroom, knowledge of the grammar alone is insufficient. Imparting English grammar skills in memorable and meaningful ways can be tricky, particularly for new teachers. For this reason, *You Can Teach Grammar* includes a variety of teaching ideas for each grammar topic. *You Can Teach Grammar* is designed as both a course book and a general reference. Its logical layout and detailed indexing make it a useful resource for teachers in the field as well as for teachers-in-training.

Think grammar is difficult? You just need someone to save you from it!The best learning tools for a young mind are word association, visual aids, and superpowers! In *SUPER GRAMMAR*, all of the major elements of grammar will be personified with superhero or super villain identities. You won't just learn about the part-of-speech called an adverb. Instead you'll meet the vibrant super heroine The Adverb, and you'll learn about her awesome ability to modify verbs and other adverbs. You won't simply be told that you shouldn't use a double negative in a sentence. Instead you'll actually meet the sinister twin brothers, Double Negative, and you'll learn how to avoid being tricked into falling for their double talk. The book's fun, full-color design looks like a mix between a reference book and a comic book. With *SUPER GRAMMAR* you'll learn to save yourself!
