Simone de Beauvoir: Religion and the Second Sex. A brief summary of Radical Feminist Simone de Beauvoir's perspective on the role of religion in oppressing and deceiving women into accepting their second class status. Simone de Beauvoir theorized that religion oppresses women in much the same way as it oppresses the proletariat in Marxist theory. 'There must be a religion for women as there must be one for the common people, and for exactly the same reason' (Simone de Beauvoir, The ...

Aug 31, 2020 third wave feminism expanded second edition Posted By Catherine CooksonMedia TEXT ID b4334219 Online PDF Ebook Epub Library What Was The Third Wave Feminist Movement Dailyhistoryorg like second wave feminism third wave feminism emerged from some of the failures and conversations left behind from the wave before while there were many successes of the first two waves including

Surveys feminist studies of the history of Judaism and Christianity and discusses the changes feminism has wrought in the study of women's religious lives and in

religious ritual and leadership

When did patriarchy start and why? What explanation did the major world religions offer for women's inferiority? How have their beliefs and scriptures influenced women's lives in different parts of the world where they are the dominant faith? *Gender and Religion 2nd Edition* investigates the statement that the major world religions consider women to be inferior to men by reviewing the religious tracts and laws relating to women. Presenting the socio-political context in which these ideas developed, Barbara Crandall reveals that none of them invented the concept, but accepted it as the custom of human society where and when each began. Using material on the history of patriarchy and up-to-date discussions of women's achievements, the book explores the way gender issues are addressed in the various sacred texts impacting upon women's education, employment, property and inheritance rights, franchise and participation in government, marriages, rights to their children, practice of religion, and control of their own bodies.

This two-volume set examines women's contributions to religious and moral development in America, covering individual women, their faith-related organizations, and women's roles and experiences in the broader social and cultural contexts of their times. • Introduces readers to hundreds of women who became leaders within various religious faiths and denominations, including many who founded religious sects and organizations • Provides an understanding of women's developing roles in American religious culture, which continue to the present day • Enables readers to gain an understanding of the broad range of religions, approaches to religion, and attitudes toward religion in the United States • Documents how life's experiences can shape one's spiritual life and future development • Includes a timeline of the issues facing women that marks changing societal attitudes and individual women's accomplishments across history

*Women and Religious Traditions*, second edition, looks at a variety of religious traditions-their texts, symbols, interpretations, rituals-and discusses the roles women play within those traditions. Most importantly, this text gives a voice to a demographic that has traditionally been very underrepresented within religious scholarship.

*A Dictionary of Philosophy of Religion* is an indispensable resource for students and scholars. Covering historical and contemporary figures, arguments, and terms, it offers an overview of the vital themes that make philosophy of religion the growing, vigorous field that it is today. It covers world religions and sources from east and west. Entries have been crafted for clarity, succinctness, and engagement. This second edition includes new entries, extended coverage of non-Christian topics, as well as revisions and updates throughout. The first edition was named a Choice Outstanding Academic Title of the Year.

Impressive dossier on religion's impact on women's lives throughout history, this comprehensive new edition provides additional material on patriarchy and up-to-date figures on women's achievements.

This book examines the critical and often undervalued contributions of women to the culture, well-being, and subsistence of their communities as active, powerful, and wise ritual specialists. \* Coverage includes local practices in countries as diverse as Australia, Peru, India, Mexico, South Korea, Vietnam, Chile, Canada, and Guatemala \* Presents information from interviews with women who serve as powerful sociopolitical agents, healers, leaders, and religious ritual specialists

This four-volume work provides a detailed, multicultural survey of established as well as "new" American religions and investigates the fascinating interactions between religion and ethnicity, gender, politics, regionalism, ethics, and popular culture. • Comprises contributions from more than 100 top scholars covering a breadth of topics such as Día de los Muertos, Heathenry, Islam, Pentecostalism, roadside shrines, Sufism, Wicca, and Zen from a variety of interdisciplinary perspectives • Provides thought-provoking insights into religion's interactions with cultural backdrops throughout America, including in education, entertainment, the Internet, the environment, politics, and at home • Contains photographs and illustrations depicting a wide range of religious figures and activities as well as significant religious sites in the United States • Supplies an entire volume of primary source documents illustrating the religious diversity in American culture, including Cecil B. DeMille's essay "The Screen as Religious Teacher" as well as more conventional materials on Christian Science, the New Age, and Buddhism

A thoroughly revised and updated edition of the most outstanding volume on women in Christianity A classic in the field of religious studies since its original publication in 1977, *Women and Religion* has remained the definitive and most compelling documentary history of the relationship between Christianity and half of its membership. This new edition—completely revised by the original editors, renowned historian Elizabeth A. Clark and theologian Herbert Richardson, with the assistance of Gary Brower and Randall Styers—includes fully updated introductions, newly available source material, and incisive contemporary analysis. An invaluable resource for exploring the progressive history of women and Christian thought.
