Kristina, Celeste, and Juliana were all born into the Children of God cult, and from as early as three years old were mistreated and used as sexual beings. They were denied access to formal schooling, forced to wander the streets begging for money, and were mercilessly beaten for "crimes" as harmless as reading an encyclopedia. After being separated from each other and their mothers and forced to live in various missions with multiple foster parents, the sisters eventually managed to escape. In this startling exposé, they have come together to reveal in horrific detail the group that has destroyed the lives of so many. Their intertwining stories reveal a community spread throughout the world whose legacy of anorexia, depression, drug abuse, suicide, and even murder are impossible to erase. Together, the sisters found a strength that finally enabled them to uncover and free themselves from the shadows of their past.

Celeste and Kristina were treated as sexual beings by their 'guardians' in the infamous religious cult known as the Children of God. They were made to watch and mimic orgies, received love letters and sexual advances from men old enough to be their grandfather, and were forced into abusive relationships. They were denied access to formal schooling, had to wander the streets begging for money, and were mercilessly beaten for 'crimes' as unpredictable as reading an encyclopaedia. Finally, unable to live with the guilt of what had happened to her children, their mother escaped with Kristina, cutting herself off from her remaining children in a bid to save at least one child. Desperate to save her sisters, Kristina eventually returned to the place of her torture to free Celeste. Years later, Juliana found the courage to escape, knowing that the child she was carrying would be subjected to the same fate if she did not. Now the three sisters have finally come together to reveal in full and horrific detail their existence within the Children of God cult. Their stories reveal a community spread throughout the world and its legacy of anorexia, depression, drug abuse, suicide and even murder. Lives are ripped apart and painstakingly mended with a shared strength that finally enabled the sisters to free themselves from the shadows of their past.

The true story of three girls violated and betrayed.

1944, Germany. Two sisters seek to overcome impossible odds to be reunited, in this utterly devastating and unforgettable novel about sisterhood, courage and survival. All they had left was each other. Until the Nazis tore them apart. After years of hiding from the Nazis, Rachel Epstein and her little sister Mindel are captured by the Gestapo and sent to the concentration camp at Bergen-Belsen. The only ray of light for either girl is that they are together. But on arrival they are separated. As she's seventeen and deemed an adult, Rachel is sent to work in a brutal factory whilst four-year-old Mindel is sent into the so-called "star" camp for Jewish prisoners. All on her own, Rachel knows her sister will have no chance of survival—unless she can find someone to take care of her. Working in the windowless, airless factory—filling munitions casings with chemicals that burn her fingers and make her eyes sting—the only thing that keeps Rachel going is the thought of her little sister. Because if there's even a chance Mindel is alive, Rachel knows she must try to save her. But, separated by barbed wire, and treated brutally by SS guards who do not even see them as human beings, can either of the orphaned sisters ever dare to hope that they'll find their way back to each other? And to freedom? A completely heartbreaking, utterly gripping tale of courage, loss and overcoming impossible odds, perfect for fans of *The Tattooist of*

Imagine an eighteen-year-old American girl who has never read a newspaper, watched television, or made a phone call. An eighteen-year-old-girl who has never danced—and this in the 1960s. It is in Cambridge, Massachusetts where Leonard Feeney, a controversial (soon to be excommunicated) Catholic priest, has founded a religious community called the Slaves of the Immaculate Heart of Mary. The Center's members—many of them educated at Harvard and Radcliffe—surrender all earthly possessions and aspects of their life, including their children, to him. Patricia Chadwick was one of those children, and Little Sister is her account of growing up in the Feeney sect. Separated from her parents and forbidden to speak to them, Patricia bristles against the community's draconian rules, yearning for another life. When, at seventeen, she is banished from the Center, her home, she faces the world alone, without skills, family, or money but empowered with faith and a fierce determination to succeed on her own, which she does, rising eventually to the upper echelons of the world of finance and investing. A tale of resilience and grace, Little Sister chronicles, in riveting prose, a surreal childhood and does so without rancor or self-pity.

"Portrait of two Muslim sisters, once closely bonded, but now on divergent paths as one embraces her religion and the other remains

secular"--

New York Times bestselling author Jodi Picoult is widely acclaimed for her keen insights into the hearts and minds of real people. Now she tells the emotionally riveting story of a family torn apart by conflicting needs and a passionate love that triumphs over human weakness. Anna is not sick, but she might as well be. By age thirteen, she has undergone countless surgeries, transfusions, and shots so that her older sister, Kate, can somehow fight the leukemia that has plagued her since childhood. The product of preimplantation genetic diagnosis, Anna was conceived as a bone marrow match for Kate -- a life and a role that she has never challenged...until now. Like most teenagers, Anna is beginning to question who she truly is. But unlike most teenagers, she has always been defined in terms of her sister -- and so Anna makes a decision that for most would be unthinkable, a decision that will tear her family apart and have perhaps fatal consequences for the sister she loves. *My Sister's Keeper* examines what it means to be a good parent, a good sister, a good person. Is it morally correct to do whatever it takes to save a child's life, even if that means infringing upon the rights of another? Is it worth trying to discover who you really are, if that quest makes you like yourself less? Should you follow your own heart, or let others lead
