Oxford Modern English Grammar is Oxford's brand new and definitive guide to English grammar. This book has been written by a leading expert in the field, covers both British and American English, and makes use of authentic spoken and written examples.

New Oxford English Grammar is Oxford's brand new and definitive guide to grammar usage. This book has been written by a leading expert in the field, covers both British and American English, and makes use of the unrivalled language monitoring of Oxford's English Dictionaries programme. Arranged in three clear parts for ease of use, its comprehensive coverage ranges from the very basic to the most complex aspects of grammar, all of which are explained clearly and engagingly. This descriptive source of reference is invaluable for those with an interest in the English language, undergraduate students of all disciplines, and for anyone who would like a clear guide to English grammar and how to use it.

Oxford's new and definitive guide to grammar is written by a leading expert in the field and covers both British and American English. Its impressive coverage ranges from the very basic to the most complex aspects of grammar, all of which are explained clearly. An authoritative and engaging guide to what grammar is and how it can be used.

The Oxford Dictionary of English Grammar is a straightforward and accessible A-Z guide to the diverse and often complex terminology of English grammar. It contains over 1,600 entries with clear and concise definitions, enhanced by numerous example sentences, as well as relevant quotations from the scholarly literature of the field. This second edition is written and edited by Professor Bas Aarts of University College London, writer of the acclaimed Oxford Modern English Grammar. It has been fully revised and updated, with particular attention paid to refreshing the example sentences included within the text. There are over 150 new entries that cover current terminology which has arisen since the publication of the first edition, and there are also new entries on the most important English grammars published since the start of the 20th century. Hundreds of new cross-references enhance the user-friendly nature of the text, and the list of works cited has been thoroughly updated to reflect the current state of the field. A short appendix of web links has been added. All in all, this Dictionary is an invaluable guide to English grammar for all students and teachers of the subject, as well as all those with an informed interest in the English language.

Covers written and spoken British and American English and reviews grammar, usage, punctuation, and phonetics

This handbook provides an authoritative, critical survey of current research and knowledge in the grammar of the English language. Following an introduction from the editors, the volume's expert contributors explore a range of core topics in English grammar, beginning with issues in grammar writing and methodology. Chapters in part II then examine the various theoretical approaches to grammar, such as cognitive, constructional, and generative approaches, followed by the chapters in part III, which comprehensively cover the different subdomains of grammar, including compounds, phrase structure, clause types, tense and aspect, and information structure. Part IV offers coverage of the relationship between grammar and other fields - lexis, phonology, meaning, and discourse - while the concluding part of the book investigates grammatical change over time, regional variation, and genre and literary variation. The handbook's wide-ranging coverage will appeal to researchers and students of English language and linguistics from undergraduate level upwards.

Fowler's Concise Dictionary of Modern English Usage is an invaluable quick-reference work, providing clear, practical and up-to-date guidance on questions of grammar, spelling, style, and word choice. Jeremy Butterfield has judiciously revised the text to reflect the English usage practices and concerns of the 21st century.

The Oxford Guide to English Grammar is a systematic account of grammatical forms and the way they are used in modern standard English. It is designed for learners at intermediate and advanced levels and for teachers, and is equally suitable for quick reference to details or for the more leisurely study of grammatical topics. The emphasis is on meaning in the choice of grammatical pattern, and on the use of patterns in texts and in conversations.

Focusing on how the English language works in the Indian context, this book discusses all the critical components of modern English grammar: from finite and non-finite verb and gerunds and the infinitive to different kinds of clauses, tense, active and passive voice, punctuation, phrasal verbs, etc.

An A-Z of 1,000 English grammatical terms, including current mainstream terminology, older, traditional and many new, controversial terms plus coverage of wider linguistics items. Concise definitions are accompanied by more detailed explanations with examples of usage and many quotations from grammar books. Now available in paperback this book should be found on the shelves of all those with an interest in the English language
