and Afterword by Nancy Springer. When Dorian Gray, a wealthy but naïve and irresistible young man, has his portrait painted, he rashly wishes that he could remain as beautiful, youthful, and alluring as the handsome face in the portrait. Little does he know that his wish will come true. When encouraged by the decadent Lord Henry Wotton into a life of depravity and self-indulgence, Gray is stunned to discover that while the face in the painting is aging grotesquely, he is not! In fact, he remains as beautiful as ever. Nothing ages him. But Gray's wanton lifestyle will eventually catch up with him, and the consequences of his reckless behavior will come to haunt him. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

When first published this unique novel evoked a tremendous amount of hostile criticism, in most part due to its immoral content. Oscar Wilde was identified with the "art for art's sake" movement of the nineteenth century which did not subordinate art to ethical instruction. However, this novel is indeed a morality tale about the hazards of egotistical self-indulgence. "If it were I," exclaims Dorian, "who were always to be young and that picture that was to grow old . . . I would give my soul for that." With that spoken, the tale of this young hero of amazing beauty, Dorian Gray, begins. His pact with evil allows his portrait to take on his many sins and degradations while his physical appearance remains youthful. Over the years as he becomes cruel and vicious, even murderous, Dorian's young and perfect body is no longer enough to salvage his deteriorating mind and morality. Will justice and good prevail?

Handsome and dissolute Dorian Gray wants to stay young and attractive, so he makes a deal with the devil.

"Here is Oscar Wilde's most brilliant tour de force, a witty and buoyant comedy of manners that has delighted millions in countless productions since its first performance in London's St. James' Theatre on February 14, 1895. The Importance of Being Earnest is celebrated not only for the lighthearted ingenuity of its plot, but for its inspired dialogue, rich with scintillating epigrams still savored by all who enjoy artful conversation. From the play's effervescent beginnings in Algernon Moncrieff's London flat to its hilarious denouement in the drawing room of Jack Worthing's country manor in Hertfordshire, this comic masterpiece keeps audiences breathlessly anticipating a new bon mot or a fresh twist of plot moment to moment."

The Picture of Dorian Gray by Oscar Wilde from Coterie Classics All Coterie Classics have been formatted for ereaders and devices and include a bonus link to the free audio book. " Those who find ugly meanings in beautiful things are corrupt without being charming. This is a fault. Those who find beautiful meanings in beautiful things are the cultivated. For these there is hope. They are the elect to whom beautiful things mean only Beauty. There is no such thing as a moral or an immoral book. Books are well written, or badly written. That is all. " Oscar Wilde, The Picture of Dorian Gray A man sells his soul for eternal youth and scandalizes the city in Oscar

Wilde's The Picture of Dorian Gray.

The Picture of Dorian Gray, the only novel by Oscar Wilde, was first published in 1890. A substantially revised and expanded edition was published in April 1891. For the new edition, Wilde revised the content of the novel's existing chapters, divided the final chapter into two chapters, and created six entirely new additional chapters. Whereas the original edition of the novel contains 13 chapters, the revised edition of the novel contains 20 chapters. The 1891 version was expanded from 13 to 20 chapters, but also toned down, particularly in some of its overt homoerotic aspects. Also, chapters 3, 5, and 15 to 18 are entirely new in the 1891 version, and chapter 13 from the first edition is split in two (becoming chapters 19 and 20). The novel tells of a young man named Dorian Gray, the subject of a painting by artist Basil Hallward. Dorian is selected for his remarkable physical beauty, and Basil becomes strongly infatuated with Dorian, believing that his beauty is responsible for a new mode of art. The Picture of Dorian Gray is considered one of the last works of classic gothic horror fiction with a strong Faustian theme. It deals with the artistic movement of the decadents, and homosexuality, both of which caused some controversy when the book was first published. However, in modern times, the book has been referred to as "one of the modern classics of Western literature. Oscar Wills Wilde (1854 – 1900) was an Irish writer and poet. After writing in different forms throughout the 1880s, he became one of London's most popular playwrights in the early 1890s. Today he is remembered for his epigrams, his only novel (The Picture of Dorian
