Put your best hoof forward. Combining the irresistible sweetness of the Pocket Pigs of Pennywell Farm with words of wisdom about embracing all that life has to offer, It ' s the Little Things is a book filled to the brim with inspirational mantras and adorable animal appreciation. On spread after spread we see heart-melting, full-color images of these mini pigs—lounging on tiny beach chairs, getting creative with paint, nuzzling with other farm animals, popping out of flower bushes—paired with their favorite words on creativity and fearlessness and relishing all of the small things that make life great. Small in stature but mighty in joy, here are the Pocket Pigs to remind us in the most playful and unassuming way to be grateful, stay curious, and keep ourselves open to the magic of life.

Celebrate the wisdom of the sandbox—the witty, innocent, surprising, and yet completely sensible things that kids say and do. A little book with a big heart, Really Important Stuff My Kids Have Taught Me combines deceptively simple life lessons with engaging images that together not only offer insight but inspire joy. Kids see the world in a way that adults don ' t, so glimpsing life through a child ' s eyes offers a fresh—and often funny—perspective. Kids encourage us to be open-minded: There are a lot of different ways to get to the top of the jungle gym. To be fearless: Jump right in or you may change your mind about swimming. To aim high: Even babies grab for things just beyond their reach. To be kind to yourself: Sometimes you need a Saturday on a Wednesday. To follow your own path: If the flowers you draw don ' t look like anyone else ' s, that ' s good. And to stay young: Go barefoot! Tune in to the chatter on the playground, and remind yourself how simple everything really is.

WHY ARE SLOTHS ALWAYS SMILING? Perhaps it ' s because they ' ve mastered the art of taking it slow in a world whose frenzied pace is driving the rest of us crazy. Here, in a mindfulness book like no other, heart-tuggingly cute photographs of these always-chill creatures are paired with words of wisdom, all to inspire us to slow down, stop to enjoy the little things, and come up relaxed, centered, and smiling.

" The Bahamas are famous for sun, sand—and swimming pigs. " —National Geographic
In the middle of paradise, with billionaires and celebrities for neighbors, is an island populated only by swimming pigs. For decades, this archipelago of 365 islands would remain largely unknown to the world. It would not be a ruthless pirate, pioneering loyalists, a notorious drug kingpin, or the infamous Fyre Festival that would unveil Exuma to the world, but rather the most unlikely of creatures. Appearing in magazines, videos, newspapers, commercials, TV shows, and countless selfies, the Swimming Pigs of Exuma, in the Bahamas, have become a bucket-list sensation and have been named one of the marvels of the universe. But how did they reach this celebrity status? What made them so famous? And why, in February 2017, did so many of them die? Pigs of Paradise is an unlikely story of humble beginnings and a swift rise to stardom. With interviews from historians, world-renowned ecologists, famous pig owners, and boat captains, it thoughtfully considers what this phenomenon says about not only these animals but also about us.

A book that will delight every cat lover, full of wise and unforgettable life lessons, each paired with the perfect photo. Cats are the ultimate savants, possessing intelligence, poise, and sass in equal measure. They know when to play it cool, and when to pounce; when to fly solo, and when to cuddle up. Entertaining, unpredictable, and just a bit wild, cats encourage us to explore, take chances, and live on the edge—just as if we too had nine lives. Cynthia L. Copeland, author of the bestselling Really Important Stuff My Dog Has Taught Me and Really Important Stuff My Kids Have Taught Me, now turns her attention to our mysterious feline friends. Every page of this full-color gift book is a joyful reminder of what ' s important in life. Like Confidence: " Insist on a seat at the table. " Curiosity: " Have more questions than answers. " Adventure: " Sometimes you have to leap before you look. " Individuality: " You ' ll be remembered for what sets you apart. " Kindness: " Recognize the power of your purr. " And Solitude: " Find your own square of sunshine.

The " irresistible " New York Times bestseller that " features heartwarming stories of interspecies love and adorable photographs " (The New York Times Book Review). Written by National Geographic magazine writer Jennifer Holland, Unlikely Friendships documents one heartwarming tale after another of animals who, with nothing else in common, bond in the most unexpected ways. A cat and a bird. A mare and a fawn. An elephant and a sheep. A snake and a hamster. The well-documented stories of Koko the gorilla and All Ball the kitten; and the hippo Owen and the tortoise Mzee. And almost inexplicable stories of predators befriending prey—an Indian leopard slips into a village every night to sleep with a calf. A lioness mothers a baby oryx. Holland narrates the details and arc of each story, and offers insights into why—how the young leopard, probably motherless, sought maternal comfort with the calf, and how a baby oryx inspired the same mothering instinct in the lioness. Or, in the story of Cashew, the lab mix that was losing his eyesight, and Libby, the stray cat who began to guide the dog ' s way through the house and yard. With Libby, Cashew lived out his last few years with loving support and a lasting friendship. These are the most amazing friendships between species, collected from around the world and documented in a selection of full-color candid photographs. " The feel-good book of the summer—maybe the year—may very well be Unlikely Friendships. " —USA Today " With aww-inducing photographs, the book highlights the most improbable animal connections. " —National Geographic
