#1 New York Times bestselling author John C. Maxwell's latest book will enhance the lives of leaders, professionals, and anyone who wants to achieve success and personal growth. We often treat the word capacity as if it were a natural law of limitation. Unfortunately, most of us are much more comfortable defining what we perceive as off limits rather than what's really possible. Could it be that many of us have failed to expand our potential because we have allowed what we perceive as capacity to define us? What if our limits are not really our limits? In his newest book, John Maxwell identifies 17 core capacities. Some of these are abilities we all already possess, such as energy, creativity and leadership. Others are aspects of our lives controlled by our choices, like our attitudes, character, and intentionality. Maxwell examines each of these capacities, and provides clear and actionable advice on how you can increase your potential in each. He will guide you on how to identify, grow, and apply your critical capacities. Once you've blown the "cap" off your capacities, you'll find yourself more successful--and fulfilled--in your daily life.

God has a dream for you, and if you will seek Him, He will reveal and guide you to it. Living your dreams isn't easy. It takes persistence and tenacity, along with faith in yourself, in God, and in the vision He has given you. In this small book, Jentezen Franklin gives you a powerful message of hope: you can do it! The question is not can you dream, but do you have the courage to act on it? Is there a dream in your heart? Has life buried it? Have others told you it's too late? Don't you believe it! Using personal experiences and examples from biblical characters who pursued their dreams to the end, Franklin shows you how to find and walk out your God-given vision for your life.
