content (e.g. ERP and relational databases, REA, controls) around four major themes: simplicity of writing and presentation (lower level), business processes, accounting and IT controls, and ethics as it relates to accounting systems.

Accounting Information Systems 2nd Edition solutions manual

A solutions manual is another kind of supplemental manual but, it provides the right answers to problems, questions and case studies found inside a textbook. This kind of manual is necessary for students to completely understand what the material in the textbook is saying and compare the results they get with the right ones.
