The Economics of Inequality: Undoing Policy Mistakes ...

Piketty's *Economics of Inequality* is a succinct impartial review of the history of the economic relationship between labor and ownership of capital in western countries. The book presents an examination of the canons of economic policy: Should Individual self interest be the necessary and sufficient guide for optimal resource allocation [Chicago School] versus a solidaristic approach via taxation and redistribution.

The Economics of Inequality by Thomas Piketty

The Triple Threat of Inequality. We are worse than when the War on Poverty started fifty years ago. If we inflate and adjust the poverty gap, it is worse than it was fifty years ago. These are the systems that affect the most people living in poverty: Education: Currently, funding for schools is inequitable because it is based on property taxes. Resources are not fairly allocated to all students because students in wealthier communities often have better resources.

Economic inequalities are most obviously shown by people's different positions within the economic distribution - income, pay, wealth. However, people's economic positions are also related to other characteristics, such as whether or not they have a disability, their ethnic background, or whether they are a man or a woman.

How is Economic Inequality Defined? | The Equality Trust

Nobel laureate economist Simon Kuznets argues that as an economy develops, a natural cycle of economic inequality occurs, represented by an inverted U-shape curve called the Kuznets curve (see Fig. 1). From the curve, we observe as the economy develops, inequality first increases, then decreases after a certain level of average income is attained.

The Causes of Economic Inequality - Seven Pillars Institute

The UK has a very high level of income inequality compared to other developed countries. The majority of households in the UK have disposable incomes below the mean income (£34,200 as of 2018). This includes wages and cash benefits, and is after direct taxes like income tax and council tax, but not indirect taxes like VAT.
