personal leadership styles of an individual supervisor, whereas Theory Z is concerned with the “culture of the whole organization.” That is, Theory Z is not concerned with the attitudes or behavior patterns of an individual supervisor but rather with the difference the

Organizational Culture-Performance Relationships: Views of ...

Abstract. Three conditions distinguish the work of school administrators from that of their colleagues in nonschool contexts: the uniquely moral character of schools; a highly educated, autonomous, and permanent workforce; and regular and unpredictable threats to organizational stability. The resultant demand environment requires school administrators to rely more extensively on leadership than routine administration to influence teachers and to negotiate the

Educational Administration: Topic 2: Theories of ...

We school administrators, like “practical” men everywhere, claim to have little use for theory. In this we delude ourselves, for we all theorize. The real distinction lies not between theory and practice, but between good theory and bad theory. Good theory is a hypothesis which has undergone verification and which has potential for explaining and predicting events, and for the production ...
